Daytrippers invites you to be a part of the 24<sup>th</sup> Annual Battle of the Brains.

This is Toronto's most engaging fundraising event, with cocktails, a gourmet meal, lively after-party, plenty of networking, and of course, the hotly contested Trivia Game. Last year's event welcomed over 250 participants from several of Canada's most influential corporations to compete for the Battle Cup.

Expect to have fun and be challenged all in support of an incredible cause. Come join us and show off your brain power, and help to broaden the horizons of thousands of children across Canada.

# ABOUT DAYTRIPPERS

Daytrippers is a non-profit children's charity founded in 1999 in Toronto by a group of young professionals wanting to give back to the community. This organization raises funds to send students in lower-income and far-reaching areas on field trips to recognized educational and cultural institutions. Daytrippers targets students in Grades 1 to 8 who are old enough to benefit from school trips, but young enough to require both staffing and financial assistance. Daytrippers assists students in need from school boards across Ontario, British Columbia, Nova Scotia, Alberta and P.E.I.

At Daytrippers, we believe that every student should have the opportunity to visit unique places of learning, from museums to art galleries to conservation areas and beyond, and to learn about the world outside of their classroom.

Since inception, Daytrippers Children's Charity has raised more than \$2.5 million and sent more than 175,000 students on unique educational trips. Daytrippers is staffed entirely by volunteers and we are very proud of our efficiency as an organization. Not including the cost of special events, we have successfully maintaining an efficiency ratio of 90% since inception – that means 90 cents of every dollar raised goes directly to funding trips.
